These books are offered for information only. They do not diagnose, treat, prescribe or cure any diseases or medical conditions. Likewise these foods and nutritional supplements are not meant to prevent, treat, mitigate or cure disease, but only to support normal structure and function. Do not discontinue any prescribed medication without first consulting a licensed health care practitioner.

Daily-Dophilus™

AM/PM Complete Probiotic System

Probiotics

Since the Master Cleanse does such an effective job of cleansing the colon, I believe it also eliminates large quantities of probiotics. Therefore, I recommend people take probiotics AFTER returning to solid food. Probiotics produce vitamins A, B1, B2, B3, B12, K; kill some of the disease-causing germs in your intestines and prevent bad bacteria (the bacteria that cause Candida, for example) from getting out of control.

\$21.95
